

HSE-EACES Workshop, June 6-8, 2022, Moscow

Call for Papers

The International Center for the Study of Institutions and Development (ICSID) at Higher School of Economics in Moscow together with the European Association for Comparative Economic Studies (EACES) are pleased to invite submissions to the HSE-EACES workshop:

Topics in Political Economy of Development

The workshop is a part of the 11th Annual ICSID Conference "*New advances in Political Economy of Development*" that will be organized in a hybrid format by the Higher School of Economics in Moscow on June 6-8, 2022. The event attracts a large number of experts from the world's leading universities presenting new research on a variety of topics (details of the last year's conference can be found here <https://iims.hse.ru/en/csid/news/288261395.html>).

Contributions from the fields of political economy, economics and political science are invited. We welcome submissions that adopt theoretical as well as empirical, qualitative as well as quantitative research designs and that can offer useful perspectives on recent developments and new challenges in political economy.

Topics of interest for submission include, but are not limited to:

- Collective action and public goods
- Comparative studies of governance
- Social capital, trust, and cultural norms
- Human capital and economic development
- Political elites and economic performance
- History and persistence of economic growth

The working language is English. The workshop will be held in a hybrid format due to the current restrictions because of the COVID-19.

Submission:

To participate in the workshop, please submit a paper abstract of up to 250 words (or a draft), together with a max two-page CV, to ICSID manager Valeriya Kotelnikova (vkotelnikova@hse.ru) by **February 25th, 2022**. Applicants will be informed about the selection before **March 14th**, and the authors of accepted proposals are expected to submit full papers by **May 15th**.

The International Center for the Study of Institutions and Development (ICSID,) is one of the international laboratories created by the Higher School of Economics in 2011, and currently unites a team of researchers from Russia, USA and Europe. More information about the Center and its research projects can be found on the ICSID webpage <http://iims.hse.ru/en/csid/>
